

The following information was submitted on February 22, 2008 @ 10:41 am:

Grid Square: SE0828

Date Submitted: 22.02.08

Reported Started: from 10.02.08

Report Finished: To one day

Overall Assessment: All rights of way in SE0828 were checked on 10.02.08. and all but one path were available and free from obstruction although many were not used as frequently as they might be. We were concerned that footpath entering the square from Spring Wood at point 000253 at the bottom of the hill appeared to be wired off and a parallel path had been adopted higher up on scrubland. This 'make do' path is dangerous in places especially in poor weather conditions. This situation needs attention and the official path needs identifying. Also signage on this stretch up to Great House is non-existent, anyone approaching from Myholmroyd direction would have great difficulty route-finding.
