Path From: Slack Top

Path To: Gibson Mill

Full Details: Path surface washed away - approx ref SD 977293 (just before National Trust marker)- makes ascent difficult, could maybe do with a few steps putting in. Also couple of very wet place above this - ground getting very churned up with people trying to bypass them. Marker needed on the gate where footpath exits at the back of Mansfield House farmyard - hard to spot if you don't know the route. (approx SD 977298)
