

The following information was submitted on January 1, 2008 @ 3:42 pm:

Grid Square: SD9829

Public Name: Duncan Y

Date Submitted: 1-Jan-2008

Date Problem Observed: 25-Nov-2007

Path From: Middle Dean Wood 990300

Path To: Mill Ponds in Middle Dean 989299

Full Details: Right of way passes over the channel that feeds water to the mill ponds. We did not find a footbridge, only a slippery log. We chose to jump the gap rather than trust the log. Something safer might be preferable for elderly or young walkers.
