

The following information was submitted on September 13, 2007 @ 9:34 am:

-----  
Grid Square: SD 9925

Date Submitted: 13/9/2007

Reported Started: from 29/8/07

Report Finished: To 13/9/07

Overall Assessment: The above square has now been fully surveyed. Within the area are a number of paths making for an interesting visit. The area is in part open access. Views are extensive. Taking The Calder Valley from Todmorden to Luddenden on one side and Cragg Vale on the other.

Overall most of the paths are in reasonable condition with one or two drainage problems which is normal for moorland areas.

A path at SD995 249 going through Broad Head Clough to Great House would benefit from waymarking.

Across Erringden Moor the paths are not very well defined but the open access allows walkers to pick their way around some rather boggy patches.

Comparison With Information In Previous Report: N/A

Enforcement Problems Or Difficulties To Formally Report To Calderdale MBC: Path at property SD997 256 (Haven?) appears to have been diverted. Need to have confirmed that this has been done officially. So waymarking can be adjusted.
