

The following information was submitted on December 26, 2007 @ 4:03 pm:

-----  
Grid Square: SD9926

Date Submitted: 26.12.07

Reported Started: from 26.12.07

Report Finished: To 26.12.07

Overall Assessment: Many footpaths in this grid square are rough vehicle trackways which are in very good condition for walking. Waymarking is reasonable though could be improved in a number of places. The only route that is difficult to find is that through Crow Nest Wood to the West side of Old Chamber

Maintenance Problems Or Difficulties To Formally Report To Calderdale MBC: 1. SD992268: Fallen tree blocking the path in Crow Nest Wood to the East side of Old Chamber  
2. SD992266: Young beech tree and branches of mature tree blocking route at top end of Crow Nest Wood into the field leading up to Old Chamber. No waymarking on this route at all.  
3. SD991269: No waymark for route to Weasel Hall

Other Particular Problems Or Difficulties Encountered: Several fingerposts are very faded or so worn as to be unreadable, particularly at SD992266 and SD992265

Other Comments, If Any: Around Great Jumps, waymarkers are blue Calderdale Countryside marks which is confusing when most routes are the yellow and brown ones
